SAINT-GOBAIN

Belmont, shown in Black Granite

SAINT-GOBAIN

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

Designed to inspire.

Engineered for strength.

The classic look of slate, masterfully replicated in high performing asphalt shingles.

Belmont® by CertainTeed puts luxury roofing well within your reach.

Ideal for homes with steep-sloped roofs where the aesthetic of slate is preferred.

The color palette includes deep blacks and grays and rich browns highlighted by shades of ochre, all with depth-enhancing shadow lines that provide authentic dimensionality.

Unlike slate, Belmont is virtually maintenance free and is backed by a lifetime-limited warranty.

BELMONT COLOR PALETTE

Black Granite

Colonial Slate

Shenandoah

Performs beautifully.

BELMONT®

Add a Little Accent to Your Roof

For a stylish finishing touch to cap hips and ridges, use Cedar Crest® accessory—available in colors to match your Belmont shingles.

Color Companion Products for Low Slope Areas

With CertainTeed Flintlastic® SA, you can coordinate low slope areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

The Ultimate in Protection

StreakFighter®

Algae Resistance

The ultimate in stain protection.

Those streaks you see on other roofs in your neighborhood? That's algae, and it's a common eyesore on roofing throughout North America. CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper, helping your roof maintain its curb appeal and look beautiful for years to come.

CertaSeal®

Uplift Protection

CertaSeal® is a fast-activating modified asphalt sealant with a 20-year record of proven performance. Designed to seal shingles together upon installation, it protects roofs from wind uplift and shingle blow-off so that homes stay safe and dry. It's also engineered to remain flexible after installation, unlike harder sealants that can dry out and crack over time.

Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.
