Slated for Perfection

From the sweep of a Victorian frame to the symmetry of a Colonial gable, the preservation of timeless architecture accented by steeply pitched roofs is a hallmark of the Carriage House® luxury shingle.

Carriage House has been painstakingly designed to evoke the unique hand-crafted look that is at home with our heritage. And the level of protection provided by Carriage House's super heavyweight construction makes for a perfect pitch.

ARCHITECTURAL VISION

Equal measures of craftsmanship and architectural creativity are at play in this shingle. With cut-away corners and wide, dark shadow lines, Carriage House creates a one-of-a-kind look of scalloped-edge natural slate...the perfect roofline for your home.

StreakFighter® PROTECTION

The ultimate in stain protection, CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper to combat the ugly black streaking caused by algae and help your roof maintain its beauty for years to come.

SUPER CONSTRUCTION

An ingenious construction that combines two full-sized base shingles, four layers of protection, and an oversized 8" exposure. Made of the industry's most durable roofing materials, you'll have a roof that really endures the elements.

The super-heavyweight that offers premium performance and the pride and prestige of scalloped slate is a perfect solution for a steeply-pitched roof. Carriage House luxury shingles. A most unique shingle for a one-of-a-kind home.

Add a Little Accent to Your Roof

For a stylish finishing touch to cap hips and ridges, use Shingle Ridge® accessory — available in colors to match your Carriage House shingles.

Color Companion Products for Low Slope Areas

With CertainTeed Flintlastic® SA, you can coordinate low slope areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

The Ultimate in Protection

StreakFighter®

Algae Resistance

The ultimate in stain protection.

Those streaks you see on other roofs in your neighborhood? That's algae, and it's a common eyesore on roofing throughout North America. CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper, helping your roof maintain its curb appeal and look beautiful for years to come.

CertaSeal®

Uplift Protection

CertaSeal® is a fast-activating modified asphalt sealant with a 20-year record of proven performance. Designed to seal shingles together upon installation, it protects roofs from wind uplift and shingle blow-off so that homes stay safe and dry. It's also engineered to remain flexible after installation, unlike harder sealants that can dry out and crack over time.

Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.
